

# itslearning release 95

## Promote your brand in itslearning

Your brand is your identity and we know many of you have wanted to promote your brand in itslearning. In this release we're happy to introduce branding for site and hierarchy dashboards. Through a simple interface you can add your own logo, top banner and a tagline.

To get started with branding, log in as an Administrator. Click **Settings** on a site or hierarchy dashboard and follow the on-screen instructions:

## Settings

### Site branding

Brand your site with a top banner. The banner consists of your logo, a background image and a short text (optional). It will appear between the top menu and the content on the Home page.

#### Site branding background image

Upload a banner image (optional)

You can upload the following file types: jpg, jpeg, bmp, png, gif. The file size should not exceed 2 Mb.  
For best result, the recommended image resolution is 2000 × 500 pixels (aspect ratio is 4:1).

On smaller devices, the background image will be replaced with an itslearning graphic.

Please note that branding currently isn't available on the mobile app.

## Resizing images in the rich text editor

It's now possible to resize images inserted into the rich-text editor simply by dragging the image. This has worked in some browsers before, but now it also works in Chrome, Internet Explorer, and Edge.

### Title

### Text

Discuss the use of digital storytelling in the teaching and learning of language and critically report on one journal article that investigates the use of digital storytelling in the language-learning context

### Deadline

## Office Online now in full-screen

You can now open files in full-screen view in Office Online. Simply click the 'Full-screen' link to enlarge your work area.

## Faster viewing of PDF files

PDFs now open in a faster viewer. As a result, Word Online will no longer be used to open PDF files.

## A more uniform homework experience

To make it easier to recognise homework in calendar events, we're now labelling events with homework with the homework icon instead of the letter 'H'.
